REPORT NO.

1. Work has been finished on an ammunition depot and shelters for about 30 men in the Eggesin forest near Karpin. It is an underground dugout with an overall length of about 200 meters. Transportation of ammunition has already begun. The ammunition, mainly artillery shells, is fetched from Pasewalk. The shells are of Polish production. The fuses come from Oranienburg, near Berlin.
2. The location of the bunkers is indicated on the accompanying map.
